## Message

Community Based Medical College, Bangladesh (CMBCB) stands as an icon in undergraduate medical education at the Non-Government sector in Bangladesh. This Medical College has been designed with a commitment of social accountability directing towards competency-based medical education, research and health service activities addressing the priority health concerns of the community and the nation. In this year we are offering the 6th batch of BDS course.

First of all I express my highest gratitude to the Almighty Allah for His continuous benevolence on us. Then I thank all founder member, Governing body members, Teachers and all the staff for their valuable moral and physical support for establishment the BDS course.

We have ensured all the modern facilities and healthy environment for proper education. The most qualified and well experienced teachers are devoted here to achieve the highest progress and the best performance of our esteemed institution.

My dear prospective students, you are cordially welcome to learn and build up our dream career. We are promised to provide you the great opportunity to serve the mankind through this noble profession as a Dental Surgeon.

## Message

Our vast majority of population live in rural Bangladesh. As such, basic health problem of the country relates to the teeming millions of rural Bangladesh. Generally, rural problems are closely connected with the socio-economic and environmental problems arising out of lack of safe drinking water and sanitation, personal hygiene facilities. Besides, superstition, flawed education and ingrained bad habits, attitudes & practices help spread of diseases quietly in rural areas.

As one of the member states of World Health Organization (WHO) Bangladesh was committed to implement the programs "Health for all by the year 2000" through Primary Health Care (PHC) and achievement of "MDG" by the year 2015, now preplanned as Sustainable Development Goal (SDG) by the year 2030. It may be mentioned here that one of the elements of PHC was Dental Care Services. Outside the Government efforts the non-Government ones, working within the framework of Government policies in cooperation with general public are considered to be supplementary to the attainment of national objectives in different health sub-sectors.

As a matter of fact, for finding solutions of health related problems of a great majority of our population the health care delivery system has to be made mass-oriented through active community participation and involvement. Our existing medical education system has to be made more practically oriented and community based and extended to rural communities even at the door step. For the Doctors of future generation there is a need for bringing them close to the community while their education career is still in progress so as to enable them to gain practical and comprehensive knowledge about the nature, signs and symptoms, spreads, precaution, prevention, control and cure of diseases and this learning process should be supported by institution-based facilities and opportunities. Moreover, to achieve the Sustainable Development Goal (SDG) by the year 2030 of the present Government of the People's Republic of Bangladesh.

May Allah help us in accomplishment of all our endeavour.

**Dr. SK. Md. Abdul Mannan**

MBBS, DA, FICS (USA)

**Executive President**

Community Health Foundation Bangladesh  
Winnerpar, Mymensingh.

## Preface

Dental Unit of Community Based Medical College, Bangladesh starts its journey in 2014. Since the inception of this college with MBBS course, we had always our intension to keep BDS course also alongside with it. We are much happy and encouraged that by this time this Unit already has succeeded to draw attention by its laudable activities in patients care and academic performance in different professional examinations.

Thanks to BM&DC for its recent time honoured initiative to make the course a five years' one.

The Unit has been equipped with the modern facilities for patients care and been enriched with a group of postgraduate highly qualified dentistry teachers to achieve an acceptable academic standard.

We believe, students of this Unit will enjoy and be benefited by the large infrastructural facilities, good number of experienced teachers in other basic and clinical subjects of this college.

More over they will inherit the glorious heritage of Community Based Medical College, Bangladesh which already it has achieved in national and international level.

We are waiting for the seventh batch of BDS course.

Wishing good luck for them.

Allah Hafez.

## Forward

It is a new journey of session 2018-2019 for five years BDS course. I am delighted to write this message for welcome them to only private dental unit in Mymensingh division, Bangladesh.

Dental education is need of the time. Now everyone is much concern about oral & dental health. My vision is to make it a centre of excellence for dental education, where students of my country become BDS doctor in true sense.

The mission of the CBMCB dental unit is to produce dentist of international standard & have the international perspective to become professional with broad vision & ethics.

At this dental unit, care will be taken at the highest level to ensure that the students are provided all modern teaching facilities under the most qualified and experienced teachers of the CBMCB and the dental unit . Here students learn to think critically, act globally and work collaboratively to achieve their full potential.

Besides education, we will arrange for extra activities like debate, cultural activities, indoor games, outdoor games, seminar etc.

My dear prospective students, you are cordially welcome to CBMCB dental unit to build up your dream carrier through the noble profession as a doctor .

At last I pray and hope that Allah the Almighty may give us patience and strength to raise this dental unit to one of the best in our country as well as in the world. Ameen.

## DISCIPLINARY RULES

It is needless to emphasize that a very high degree of sense of integrity, self esteem and discipline is expected from a medical student. A medical student of today is the physician of tomorrow who will swear by the Hippocratic oath and Geneva Declaration on his professional conduct while engaging himself in the healing of the ailing mankind.

- Students must maintain discipline both inside and outside the campus.
- Students are required to wear white full sleeved apron while attending classes and ward duties in the hospital. Within the college and hospital camps they should carry the identify card.
- Female students shall wear light colored salwar & kamiz with preferred shoes with full sleeved apron.
- Fashionable dresses, shabby and untidy appearance are to be avoided. Prescribed dress includes white shirt, navy blue trouser, black shoes/white keds and white full sleeved apron for male students.
- Smoking, being considered as an unhealthy habit, is strictly forbidden in this Institutional campus which includes college, hospital, canteen and hostels.
- Raising of slogans, shouting, parading in processions within the institutional campus are strictly forbidden and shall be dealt with severe punitive measures.
- Pasting of posters and writing on the walls of the college, hospital and hostel premises shall be deemed as serious acts of indiscipline on the part of students responsible for it and they shall be dealt with accordingly.
- Abstentions from classes in groups or collectively without prior permission or valid reasons shall be considered as acts of indiscipline which shall be punishable with imposition of fine and other forms of punishment. Guardians shall also be informed of such activities of their wards.
- Students are expected to behave well with the staff of the college and hospital.
- Addictions to drugs and alcohol tantamount to moral turpitude and such offenders are liable to expulsion from the college.
- Political activities shall not be encouraged in the college.
- At the time of admission both the student and his/her guardian shall furnish a bond to the effects that the student shall abide by rules and regulations of the college, hospital and hostel.
- A high powered disciplinary committee is existing which is endowed with the responsibility to deal with and take necessary actions in relation to any report or charge of indisciplinary act brought against any student of the college.

### AWARD FOR GOOD ACADEMIC RECORDS

Gold medals shall be ceremonially presented during each calendar year to students of each session for their outstanding academic performances.
