## Message

Community Based Medical College Bangladesh (CBMCB) is unique in undergraduate medical education in Bangladesh. It provides high-quality medical and dental education, equipping students with the acumen to address both local and global health challenges. The excellence of its teaching, its research, and its services has been designed with a commitment of social accountability directing towards competency-based education addressing the priority health concerns of the local, national and international communities.

The Bachelor of Medicine & Bachelor of Surgery (MBBS) and The Bachelor of Dental Surgery (BDS) courses run in CBMCB according to national curriculum approved by Bangladesh Medical and Dental Council (BMDC) and is affiliated with the University of Dhaka, Bangladesh. CBMCB, established in 1995 by Community Health Foundation of Bangladesh is a college with a difference in health professional education sector in Bangladesh committed to transformative learning perspective.

The challenges for academic activities are to provide balanced environment for the education of health professionals through engagement with local communities. We proactively address health promotion, population-based disease prevention, current health problems, anticipating future threats of health system due to demographic and climate changes. Accordingly, we are dedicated to produce good quality, devoted and competent doctors to serve in the health systems in all facilities with adequate knowledge, skill and attitude.

We place the highest priority on respect for the dignity and diversity of every member of our community and remain fully committed to supporting our students' professional, intellectual and emotional growth so they may have the opportunity to fulfill their potential and achieve their professional goals. It is my pleasure to welcome you as you explore how joining our community can help you fulfill your dreams of becoming a physician or physician-scientist.

It gives me immense pleasure to be a part of Governing Body of CBMCB as Chairman and I express my best wishes to Community Health Foundation Bangladesh, all faculty members, students, staffs and all other personnel involved in CBMCB as integral part and pride.

Community Based  
Medical College Bangladesh

04

Our vast majority of population live in rural Bangladesh. As such, basic health problem of the country relates to the teeming millions of rural Bangladesh. Generally, rural problems are closely connected with the socio-economic and environmental problems arising out of lack of safe drinking water and sanitation, personal hygiene facilities. Besides, superstition, flawed education and ingrained bad habits, attitudes & practices help spread of diseases quietly in rural areas.

As one of the member states of World Health Organization (WHO) Bangladesh was committed to implement the programs "Health for all by the year 2000" through Primary Health Care and later on achievement of "MDG" by the year 2015, recently preplanned as Sustainable Development Goal (SDG) by the year 2030. Outside the Government efforts the non-Government ones, working within the framework of Government policies in cooperation with general public are considered to be supplementary to the attainment of national objectives in different health sub-sectors.

As a matter of fact, for finding solutions of health related problems of a great majority of our population the health care delivery system has to be made mass-oriented through active community participation and involvement. Our existing medical education system has to be made more practically oriented and community based and extended to rural communities even at the door step. For the Doctors of future generation there is a need for bringing them close to the community while their education career is still in progress so as to enable them to gain practical and comprehensive knowledge about the nature, signs and symptoms, spreads, precaution, prevention, promotional works control and cure of diseases and this learning process should be supported by institution-based facilities and opportunities. Moreover, to achieve the Sustainable Development Goal (SDG) by the year 2030 of the present Government of the People's Republic of Bangladesh.

May Allah help us in accomplishment of all our endeavour.

**Dr. SK. Md. Abdul Mannan**  
**Executive President**  
Community Health Foundation Bangladesh  
Winnerpar, Mymensingh.

## Preface

A very long ago late Prof. AIM Mafakhkharul Islam saw a dream and consequently in 1993 he established a foundation named 'Community Health Foundation' with 29 members with him and has so many projects under it. One of the dream project is Community Based Medical College Bangladesh which is established in 1995. Now under the medical college, a dental unit is going on. I feel proud to be a part of his dream and after passing of him we are trying our best to carry forward his work. Now our dreams almost come true.

The goal of the medical college is to established international standard medical science education and for becoming a quality doctor as well as good man. We have highly qualified and professionally excellent members of teaching staff. Our medical college is vigorous, serene and naturally beautiful set up provides an ideal home for academic environment.

Every year so many students have graduated as MBBS & BDS doctor from this prestigious institution and quite a number of them have secured merit position under Dhaka University. Besides academic pursuits our students are also inspired to be involved in extra-curricular activities like sports, cultural programs to commemorate various national, religious and cultural events and festivals. We strongly bring up a total secular attitude to all cast, creed, religion and ethnic denomination.

The success of this prestigious institution is dependent on the entire support of our entrepreneurs who are fully dedicated, very caring, and proactive and relentlessly providing adequate support towards development of the college & hospital through sustained input of finance, logistics and modern equipment for ensuring best possible teaching to the students.

We are eagerly waiting for MBBS Batch 30. Best wishes for the upcoming batch.

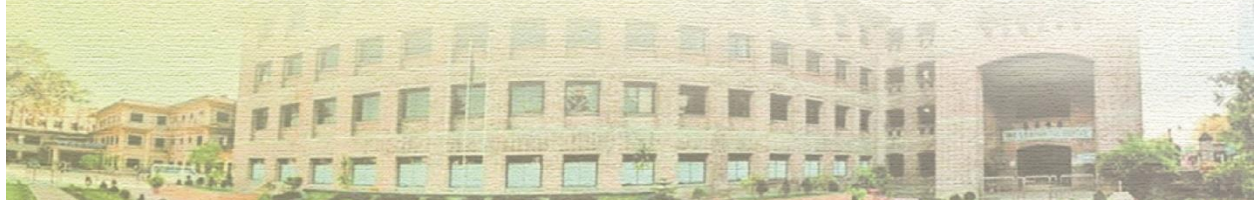

**Prof. Dr. Mahfuzur Rahman Khan Chowdhury**

Medical College Bangladesh

06

Community Based Medical College Hospital is a 700 bedded academic modern hospital having a floor space around 4,00,000 square feet, average bed occupancy around 85%. Almost all health care facilities are available under the same roof. It has started functioning on 1st February, 1997. Very recently we have added another new wide spacious building in our hospital, which has started functioning in 1st November 2020. Constructions of two more new building is going on.

Hospital has seven well equipped operation theaters, 70 well qualified & experienced consultants & 95 mid level doctors are giving their service round the clock. At present 154 Intern doctors taking training in this hospital. We have 170 staff nurses providing best possible care to the patients. Around 200 student nurses of Community Based Nursing Institute and College are taking training in our hospital. This hospital has a well equipped dental unit also. 9th batch BDS course is running now.

We have a spacious separate out patient, Emergency, Radiology & Imaging & Pathology department. Training of this hospital is recognized by BCPS. We have a satellite hospital at Rouha, Netrokona, where intern doctors takes their rural training according to BMDC curriculum. Many of our teachers doing research work in our hospital as well.

I believe our hospital is one of the best spacious academic hospital situated in a true rural area besides Dhaka-Mymensingh highway in the country.

**Prof. Dr. M. Karim Khan**

Director

Community Based Medical College Hospital Bangladesh  
Winnerpar, Mymensingh.

## DISCIPLINARY RULES

It is needless to emphasize that a very high degree of sense of integrity, self esteem and discipline is expected from a medical student. A medical student of today is the physician of tomorrow who will swear by the Hippocratic oath and Geneva Declaration on his professional conduct while engaging himself in the healing of the ailing mankind.

- Students must maintain discipline both inside and outside the campus.
- Students are required to wear white full sleeved apron while attending classes and ward duties in the hospital. Within the college and hospital camps they should carry the identify card.
- Female students shall wear light colored salwar & kamiz with preferred shoes with full sleeved apron.
- Fashionable dresses, shabby and untidy appearance are to be avoided. Prescribed dress includes white shirt, navy blue trouser, black shoes/white keds and white full sleeved apron for male students.
- Smoking, being considered as an unhealthy habit, is strictly forbidden in this Institutional campus which includes college, hospital, canteen and hostels.
- Raising of slogans, shouting, parading in processions within the institutional campus are strictly forbidden and shall be dealt with severe punitive measures.
- Pasting of posters and writing on the walls of the college, hospital and hostel premises shall be deemed as serious acts of indiscipline on the part of students responsible for it and they shall be dealt with accordingly.
- Abstentions from classes in groups or collectively without prior permission or valid reasons shall be considered as acts of indiscipline which shall be punishable with imposition of fine and other forms of punishment. Guardians shall also be informed of such activities of their wards.
- Students are expected to behave well with the staff of the college and hospital.
- Addictions to drugs and alcohol tantamount to moral turpitude and such offenders are liable to expulsion from the college.
- Political activities shall not be encouraged in the college.
- At the time of admission both the student and his/her guardian shall furnish a bond to the effects that the student shall abide by rules and regulations of the college, hospital and hostel.
- A high powered disciplinary committee is existing which is endowed with the responsibility to deal with and take necessary actions in relation to any report or charge of disciplinary act brought against any student of the college.

### AWARD FOR GOOD ACADEMIC RECORDS

Gold medals shall be ceremonially presented during each calendar year to students of each session for their outstanding academic performances.

## Comments of Foreign Students about CBMCB

I feel blessed and fortunate that I have chosen CBMCB to build my career as a doctor and will cherish it in all stages of my life. Beautiful country, reputed and good infrastructure college. The teachers are very friendly, dedicated, punctual, experienced, concerned and patiently solve the problems raised by the students because of which I never felt away from my home. I will give 100%/100% not because I am there but because they are really doing their best to achieve our goals for our career.

**Munazah Ayoub**, CB-26, Roll-121, Jammu & Kashmir, India.

Everyone was very much helpful especially our local students as well as the most respected teachers of this esteemed CBMCB. Being a foreigner here, we too had some difficulties but our teachers of CBMCB have given special attention to us and most importantly, they don't show any partiality to us at any situation though we are foreigners. We had a good study environment here and our teachers here are the best as they are teaching us in the best standards. Lastly, I am very much happy to be a part of CBMCB.

**Nithesh Srirum**, CB-26, Roll-110, Theni, Tamil Nadu, India.

"CBMCB THE COLLEGE OF EMINENCE"

This is a glorious moment to me for writing few words about my college. I love the family like atmosphere that surrounds me. CBMCB led me to explore & learn new things in medical science. The relation between student & faculties are very cordial, which gave me an opportunity to excel further. Each of the faculties support us beyond limits with strong intentions to mould us to a 'PERFECTION'. I am very glad to be a part of this esteemed institution.

"CBMCB is a place of KNOWLEDGE, EXCELLENCE & BLESS".

**Nivethitha- S**, CB-26, Roll-108, Madurai, India.

The sublime studying atmosphere and the sterling efforts of the teachers along with their experience makes CBMCB one of the best medical colleges in Bangladesh. It is tough to study and live in a foreign country where the language, culture and food are different. But the help provided by the seniors and the care of the local students with the support and guidance of the teachers gives a home friendly environment which is truly admirable. It provides a wonderful platform to the students to fulfill their dreams and have successful careers. I am truly grateful to be a part of this institution.

**Md. Raihan Murshid**, CB-27, Roll-118, West Bengal, India.

As a first year medical student in a country whose language I am not apt with yet, I agree there are some challenges and issues every now and then. However, the environment of this college and the behavior of people such as my seniors and local friends have made those issues a lot less tough. The same goes for the Professors and teaching faculties here. I have met some lovely faculties who have never given up on their students, taking part and making efforts in teaching us the ways of being a great doctor.

I, Shujaat karim of CB-27, am grateful to all those who have been making CBMCB great, for everyone.

**Shujaat karim**, CB-27, Roll-115, Gaya, Bihar, India.

Our college, Community Based Medical College is one of the best medical college of Bangladesh. Environment here is very good and helpful for studies. Despite being in a foreign country, we don't feel like we are away from our native country and home. Teachers here are very supportive and experienced. They help us with everything in every possible way. I am glad to be a part of this medical college.

**Nivedita Shree**, CB-27, Roll- 116, Madhya Pradesh, India.

I am Arsheen from J & K, a student of CBMCB - Batch 28. I feel immensely appreciative to be a student of such a prestigious institute. Its pleasant atmosphere & the demeanor of teachers and senior made this place feel like home.

I am sanctified to be part of such a great environment. The teachers are remarkably determined & cooperative which makes learning very exquisite & develops an urge in us to aspire for proficiency.

**Arsheen**, CB-28, Roll-123, Batch-D, Srinagar, Kashmir.

Choosing CBMCB is the best choice you can make, if you want to do MBBS in Bangladesh. Here the professor & the local students are very friendly & supportive in any way possible here. The college is equipped with well equipped labs for experiments & student library for the students to study in peaceful to be a part of CBMCB.

**Bharat Fenin**, CB-28, Roll-81, Rajasthan, India.

I am a resident of Kolkata, India. I am a student of Community Based Medical College Bangladesh. The college facilities are very impressive, - from laboratories to dissection hall there is everything that a medical student needs. Our professors and teachers make us understand the concepts very precisely and each one of them are my inspirers. Staying away from home, - I never feel missed out- everyone here is there to support me. Also, the English is followed as the language for teaching. The library facility is incomparable & there are hundreds of books from where we can take reference. The library is air-conditioned and open to all throughout the day. The hostel is quite good & there are all the facilities with lush green surroundings where students can have a relaxing walk and also, there are stationary & medicine shops throughout the campus where one can get anything in need. Community Based Medical College Bangladesh, Mymensingh is one of the best choices one can make. Thank you.

**Somneel Datta**, CB-28, Roll-72, Kolkata, India.

Well, I feel proud to study in the best medical college in Bangladesh CBMCB both in education and sports, & specially local students never treated us a foreigner & they treated us as their family & gave me a very healthy study surrounding, especially without hesitation teachers who were biggest pillars for us breakout from the loneliness & difficulties in our studies & building stairs for our successful carrier for our future & facilities in our college is very good especially the study room is well maintained with air conditioned which is available every time is useful for us. College is located around a agriculture fields so, the breezing air & environmental condition is refreshing. CBMCB is wholesome of surprises to achieve your goal.

**R.T. Bharath Ram**, CB-28, Roll-120, Chennai, India.

It is tough to study in foreign country where language is different but CBMCB helped us to cope up with environment. Teaching method is helping the student to learn the things on daily basis which give benefit at the time of examination. I personally really like the tutorial classes. It helped me to have one to one interactions with the teachers so I can clear my doubts easily. The classroom & hostel facilities are very nice. I can say that choosing CBMCB was my best decision.

**Shaikh Anam Salim**, CB-28, Roll-85, Maharashtra, Mumbai.

I am TOOBA ZAHOOR from CB-28. I am very grateful to be the part of CBMCB as it making my dream true & developing socially responsible doctors with professional integrity. It provide very comfortable & supportive environment for study & accommodation. Although we as a foreigner doesn't able to understand native language but our teachers helps in our studies in every possible way. Our college campus & hospital is very big & beautiful & with separate departments, well equipped & sophisticated labs. Hostel environment is very homely.

**Tooba Zahoor**, CB-28, Roll-86, UttarPradesh, India.

I Haris Farhat Bodha from batch CB-28 from Anantnag, Kashmir. The college experience I am most thankful for is the opportunity to better myself through education and experience the true value of learning. Education is the most important part of college, but it can be very challenging. I feel thankful for the way that my college has pushed me to be a better student and that my excellent teachers have taught me how to manage my studies and time. I am so grateful for my college for such a quality education.

I am also very content by the environment of the college hostel, for the most friendly atmosphere which allows me to study in the most peaceful manner and enhances my studies. Truly, it is an honour to be a part of this institution.

**Haris Farhat Bodha**, CB-28, Roll-95, Anantnag, Kashmir.

I am Vaibhev Tomar, a resident of New Delhi, India. I am very glad that I chose Community Based Medical College, Bangladesh to build my career as a Doctor. As a foreign student It is tough to study and live in a foreign country where the language, culture and food are different. But with due support of the teachers, seniors and the care of local student gave a home friendly environment. I am very glad to be a part of this institution.

**Vaibhev Tomar**, CB-29, Roll-82, New Delhi, India.

I have been studying in the Community Based Medical College Bangladesh (CBMCB) for six months, and I am very satisfied with my experience so far. The college is located in a sonic area, and has well-equipped campus with modern facilities. The teachers are knowledgeable, friendly and helpful, and they encourage us to learn and expose new topics. The hostel is comfortable and clean, and the staffs are courteous and efficient. The food is delicious and diverse and I enjoy different dishes from the Bengali cuisine.

Bangladesh is a beautiful and culturally rich country, and I feel at home here, as it is very similar to my native inlest Bangal in many ways. People are warm and hospitable and I have made many friends among the local students. I am grateful for the opportunity to study in this prestigious institution, and I look forward to learning more and contributing more to the society.

**Washim Sardar**, CB-29, Roll-81, West Bengal, India.

I am a first year student of Community Based Medical College studying here for the last 6 months. I am really satisfied with the faculty and the study environment inside the campus. The teachers are very cooperative and try their best to make the concepts easy to understand. The structure of the curriculum is really well planned. The hostels are clean and hygienic. Overall it's a great college with its faculty and infrastructure and being a Bengali it feels like home to me.

**Ahnaf Kayess Laskar, CB-29, Roll-107, West Bengal, India.**

I am Harish Ragavendra from Tamil Nadu, India. Our college CBMCB is the best medical college you can find in Bangladesh. The specialty of this college is the support foreigners get from the staffs and the local students. The college has good infrastructure with well equipped laboratories. CBMCB hospital has a great patient flow. The hostel provides us a peaceful environment to study. I am very happy to be a part of CBMCB.

**Harish Ragavendra D, CB-29, Roll-72, Tamil Nadu, India.**

I Pragna, (from Telangara, India) am a student of CBMCB college & I'm the most content person right now as I've made the right decision of choosing this very college for my career enhancement, which has exceeded my expectations in many ways. Firstly, the staff, each & every professor is highly qualified & do their part just right (by helping). They are very much approachable and clear the concepts for us in a very simpler and understandable manner. The college provides us with a library which in my opinion is the best place for us to study because of the calm and peaceful atmosphere we get over there. Then we have our local students who are very much supportive & friendly, which makes our life in a different country easier. So, it makes me very happy to be a part of this college without any doubt.

**Kondapally Sai Sri Pragna, Cb-29, Roll-76, Hyderabad, Telangara, India**

I am a resident of Tamil Nadu, India. I feel blessed to study in this college and to build my career as doctor and to progress in my every stages of life. The college infrastructure is huge and pleasant. Our professors and teachers of our college teach well and make us understand topics well. Library has lot of reference books. Dissection hall and laboratories are well equipped with modern instruments. Hostel I feel like my home with all facilities. It's my pride to be a part of this institution.

**T. Santosh, CB-29, Roll-74, Tamil Nadu, India.**

Nestled amidst lush greenery, our medical college in Bangladesh offers a serene and tranquil environment ideal for learning and growth. Away from hustle and bustle of city life, students enjoy a pollution-free atmosphere, promoting health and well-being, surrounded by nature's beauty, the campus provides a refreshing escape from urban congestion, allowing students to focus on their studies and immerse themselves in the wonders of the natural world. With ample green spaces and clean air, our college fosters a harmonious connection between education and the environment, nurturing future healthcare professionals in a truly idyllic setting.

**Md. Qamrul Hasan, CB-29, Roll-106, Bihar, India.**

I am Indhresh from Tamil Nadu, India. CBMCB is the best college in Bangladesh to fulfill your medical dream. College is surrounded by a pleasant atmosphere. The local students are very friendly and so helpful. One thing that I mention here is the staffs, they are so supportive and guide as our parents. The hostel of the college is very homely with great facilities. I am very happy to be a part of CBMCB family.

**S. p. Indhresh, CB-29, Roll-73, Tamil Nadu, India.**

I Tentu Vatsalyani from Andrapradesh Indian student of CBMCB, Cb-29. CBMCB is an amazing college where students can freely meet and talk with faculty and staff which helps to create an excellent learning environment for young adults and this made me feel very grateful for being part of CBMCB College. Yes it's very tough to pursue medicine but here we can find such an outstanding and superlative professors who have never given up on their students and making their best and all their efforts in teaching their good ways to make us as great doctors. It has a very good environment which made me to never think of my home. CBMCB is the greatest home away from home that anyone could ever have.

**Tentu Vatsalyani, CB-29, Roll-93, Andrapradesh, India.**

As a student of CBMCB, I am proud to be a part of an exceptional institute. The teaching facilities are vibrant spaces where interactive learning thrives. The cutting-edge laboratories provide hands-on experience enriching our understanding of medical science. Our teachers with their passion and from wealth of experience guide us on the enlightening academic journey. Joining CBMCB has been a transformative experience for me and I am eagerly looking forward to the coming years of seeing myself grow in this institute.

**Saba Israc Khan, CB-29, Roll-80, Mumbai, India.**
