Message

Community Based Medical College Bangladesh (CBMCB) is unique in undergraduate medical education in Bangladesh. It provides high-quality medical and dental education, equipping students with the acumen to address both local and global health challenges. The excellence of its teaching, its research, and its services has been designed with a commitment of social accountability directing towards competency-based education addressing the priority health concerns of the local, national and international communities.

The Bachelor of Medicine & Bachelor of Surgery (MBBS) and The Bachelor of Dental Surgery (BDS) courses run in CBMCB according to national curriculum approved by Bangladesh Medical and Dental Council (BMDC) and is affiliated with the University of Dhaka, Bangladesh. CBMCB, established in 1995 by Community Health Foundation of Bangladesh is a college with a difference in health professional education sector in Bangladesh committed to transformative learning perspective.

The challenges for academic activities are to provide balanced environment for the education of health professionals through engagement with local communities. We proactively address health promotion, population-based disease prevention, current health problems, anticipating future threats of health system due to demographic and climate changes. Accordingly, we are dedicated to produce good quality, devoted and competent doctors to serve in the health systems in all facilities with adequate knowledge, skill and attitude.

We place the highest priority on respect for the dignity and diversity of every member of our community and remain fully committed to supporting our students' professional, intellectual and emotional growth so they may have the opportunity to fulfill their potential and achieve their professional goals. It is my pleasure to welcome you as you explore how joining our community can help you fulfill your dreams of becoming a physician or physician-scientist.

It gives me immense pleasure to be a part of Governing Body of CBMCB as Chairman and I express my best wishes to Community Health Foundation Bangladesh, all faculty members, students, staffs and all other personnel involved in CBMCB as integral part and pride.

Dr. Momenul Haq

Member, Executive Committee

- Bangladesh Medical Research Council (BMRC)

Message

Our vast majority of population live in rural Bangladesh. As such, basic health problem of the country relates to the teeming millions of rural Bangladesh. Generally, rural problems are closely connected with the socio-economic and environmental problems arising out of lack of safe drinking water and sanitation, personal hygiene facilities. Besides, superstition, flawed education and ingrained bad habits, attitudes & practices help spread of diseases quietly in rural areas.

As one of the member states of World Health Organization (WHO) Bangladesh was committed to implement the programs "Health for all by the year 2000" through Primary Health Care and later on achievement of "MDG" by the year 2015, recently preplanned as Sustainable Development Goal (SDG) by the year 2030. Outside the Government efforts the non-Government ones, working within the framework of Government policies in cooperation with general public are considered to be supplementary to the attainment of national objectives in different health sub-sectors.

As a matter of fact, for finding solutions of health related problems of a great majority of our population the health care delivery system has to be made mass-oriented through active community participation and involvement. Our existing medical education system has to be made more practically oriented and community based and extended to rural communities even at the door step. For the Doctors of future generation there is a need for bringing them close to the community while their education career is still in progress so as to enable them to gain practical and comprehensive knowledge about the nature, signs and symptoms, spreads, precaution, prevention, promotional works control and cure of diseases and this learning process should be supported by institution-based facilities and opportunities. Moreover, to achieve the Sustainable Development Goal (SDG) by the year 2030 of the present Government of the People's Republic of Bangladesh.

May Allah help us in accomplishment of all our endeavour.

Dr. SK. Md. Abdul Mannan

MBBS, DA, FICS (USA)

Executive President

Community Health Foundation Bangladesh

Winnerpar, Mymensingh.

Preface

The journey of CBMCB is a journey of thousands miles which begins in a single step under the great leadership of late Prof. AIM Mafakhkharul Islam.

It is an idea and a believe, to establish this institution as a model with thought, love and dedication. Our ability touches the ground but the dream always aiming at the sky.

We started right from the clay of paddy fields of Winnerpar but now adorned with rows of beautiful buildings, resounded by the stamping of feet of innumerable students of home and abroad.

Since its establishment in 1995, a goal has been placed before all of us with some targets. Goal is clear & promised with holistic assent from our heart and to achieve a sustainable and universal standard in medical education and service. And we are reaching those targets one by one.

By now, we have sufficient infrastructural & teaching facilities, catering the need to provide a good standard medical care to the people attending this hospital and the students for their education.

The academic fits of our students in different professional examinations of MBBS & BDS courses of Dhaka University have clearly drawn attention in and outside the country.

We are waiting to receive the twenty eighth batch of MBBS and eighth batch of BDS course students in our campus.

We are always trying to make this campus as a second home away from their home.

Wishing good luck to all of them.

Allah Hafez.

Prof. Mirza Manjurul Haque

Message

Community Based Medical College Hospital is a 650 bedded academic modern hospital having a floor space around 4,00,000 square feet, average bed occupancy around 85%. Almost all health care facilities are available under a same roof. It has started functioning on 1st February, 1997. Very recently we have added another new wide spacious building in our hospital, which has started functioning in 1st November 2020.

Hospital has seven well equipped operation theaters, 79 well qualified & experienced consultants, 87 mid level doctors are giving their service round the clock. At present 138 Intern doctors taking training in this hospital. We have around 123 staff nurses providing best possible care to the patients. Student nurses of Community Based Nursing Institute are taking training in our hospital.

We have a spacious separate out patient, Emergency, Radiology & Imaging & Pathology department. Training of this hospital is recognized by BCPS. We have a satellite hospital at Rouha, Netrokona, where intern doctors takes their rural training according to BMDC curriculum. Many of our teachers doing research work in our hospital as well.

I believe our hospital is one of the best spacious academic hospital in the country.

After 30 months : US\$ 3,600 (12 months Tuition fee) (before 2nd Prof. Exam) + \$ 700 (Session fee, after passing 2nd Prof. Exam)

After 42 months : US\$ 3,600 (12 months Tuition fee) (before 3rd Prof. Exam) + \$ 600 (Session fee, after passing 3rd Prof. Exam)

Before Final Prof. Exam : US\$ 5,400 (18 months Tuition fee)

N.B. :

● Students will have to pay Govt. Fee \$1,000 & Dhaka University Registration Fee \$1,000 separately at the time of admission.

Students have to pay VAT or any other charges if imposed by Govt. or Dhaka University.

Study Tour : If arranged, would be subscribed by each student accordingly.

For food and other expenses students need \$50 or equivalent Bangladeshi Taka per month approximately.

DISCIPLINARY RULES

It is needless to emphasize that a very high degree of sense of integrity, self esteem and discipline is expected from a medical student. A medical student of today is the physician of tomorrow who will swear by the Hippocratic oath and Geneva Declaration on his professional conduct while engaging himself in the healing of the ailing mankind.

- Students must maintain discipline both inside and outside the campus.
- Students are required to wear white full sleeved apron while attending classes and ward duties in the hospital. Within the college and hospital camps they should carry the identify card.
- Female students shall wear light colored salwar & kamiz with preferred shoes with full sleeved apron.
- Fashionable dresses, shabby and untidy appearance are to be avoided. Prescribed dress includes white shirt, navy blue trouser, black shoes/white keds and white full sleeved apron for male students.
- Smoking, being considered as an unhealthy habit, is strictly forbidden in this Institutional campus which includes college, hospital, canteen and hostels.
- Raising of slogans, shouting, parading in processions within the institutional campus are strictly forbidden and shall be dealt with severe punitive measures.
- Pasting of posters and writing on the walls of the college, hospital and hostel premises shall be deemed as serious acts of indiscipline on the part of students responsible for it and they shall be dealt with accordingly.
- Abstentions from classes in groups or collectively without prior permission or valid reasons shall be considered as acts of indiscipline which shall be punishable with imposition of fine and other forms of punishment. Guardians shall also be informed of such activities of their wards.
- Students are expected to behave well with the staff of the college and hospital.
- Addictions to drugs and alcohol tantamount to moral turpitude and such offenders are liable to expulsion from the college.
- Political activities shall not be encouraged in the college.
- At the time of admission both the student and his/her guardian shall furnish a bond to the effects that the student shall abide by rules and regulations of the college, hospital and hostel.
- A high powered disciplinary committee is existing which is endowed with the responsibility to deal with and take necessary actions in relation to any report or charge of indisciplinary act brought against any student of the college.

AWARD FOR GOOD ACADEMIC RECORDS

Gold medals shall be ceremonially presented during each calendar year to students of each session for their outstanding academic performances.

Comments of Foreign Students about CBMCB

Community Based Medical College has been an institution of excellence. Through its prime education and systemic approach it has produced efficient doctors who have gone on to serve the society. The administration and faculty have always supported us through our academic journey, and have not let us feel away from home. The facilities provided to us have been first class be it accommodation or food. I'm grateful to be studying in an institution where everyone from teachers to students are closely knit as a family.

Noma Nazir, Roll-69, CB-24, Jammu & Kashmir, India.

Well, choosing medical college in foreign country is quite difficult. But, undoubtedly choosing CBMCB is the best. We have excellent course curriculum and the most faculty member. Our faculties present educational programs in a congenial manner. Like other colleges CBMCB is not built to earn profits. The target here is to impact excellent education and come out with bright careers so as to shape our future in the best possible manner. I am extremely glad to be a member of CBMCB.

Asmita Tamang, CB-24, Roll-124, Biratnagar, Nepal.

I am Dhivya from Madurai, India. Student of CBMCB, Batch-CB-24. Feeling grateful to study in this well-versed institute of CBMCB. It leads me to the pathway of success to achieve my Aim and Goal. I feel, it is the comfort and safe Zone for surviving and succeeding in life.
**IT WAS HARD TO BE AWAY FROM HOME,
BUT I'M GLAD THAT I'M HOME NOW.**

Dhivya Bharathi-A, CB-24, Roll-109, Madurai, India.

Leaving home is not easy but getting home like environment is blessing. Being a part of CBMCB, I feel so lucky. The teachers are greatly co-operative and co-friendly which makes my mind to travel freely. The college's facilities make us to flow with the new world. I feel proud to be CBMCBian.

Md. Asgar Ansari, CB-25, Roll-129, Birgunj, Parsa, Nepal.

I Arman Ali of CB-25 feel very lucky to get admitted in Bangladesh's one of the prestigious medical institutions. Before coming, I was worried about the environment of the college but after coming here, the teachers, senior batch mates made the place feel like home. I am thankful to get such honorable and well-experienced teachers. The administration appreciates both the curricular and extracurricular activities at this place. I am very lucky doing MBBS course in CBMCB.

Arman Ali, CB-25, Roll-125, Bihar, India.

I Shahryar Aadil from Delhi, India student of CBMCB, CB-25. I feel very grateful to be a part of such an esteemed institute called Community Based Medical College, Bangladesh. It has the most experienced and supporting teaching faculty any medical student can get. Here the atmosphere is so friendly yet competitive that it will automatically make you an enthusiastic learner. I think this is the best place to become a successful and serving doctor.

Shahryar Aadil, CB-25, Roll-97, Delhi, India.

As a stranger to this foreign country Bangladesh I was worried with the conditions facing in the beginning. But due to huge support from the teachers, staff & local Bengali friends help me a lot to dwell in this place. Here the teachers are determined, hard working and the students are curious to learn making the atmosphere competitive.

Ashhar Abdul Malik, CB-25, Roll-103, Maharashtra, India.

I feel blessed and fortunate that I have chosen CBMCB to build my career as a doctor and will cherish it in all stages of my life. Beautiful country, reputed and good infrastructure college. The teachers are very friendly, dedicated, punctual, experienced, concerned and patiently solve the problems raised by the students because of which I never felt away from my home. I will give 100%/100% not because I am there but because they are really doing their best to achieve our goals for our career.

Munazeh Ayoub, CB-26, Roll-121, Jammu & Kashmir, India.

Everyone was very much helpful especially our local students as well as the most respected teachers of this esteemed CBMCB. Being a foreigner here, we too had some difficulties but our teachers of CBMCB have given special attention to us and most importantly, they don't show any partiality to us at any situation though we are foreigners. We had a good study environment here and our teachers here are the best as they are teaching us in the best standards. Lastly, I am very much happy to be a part of CBMCB.

Nithesh Srirum, CB-26, Roll-110, Theni, Tamil Nadu, India.

I, Ayushman Kar, am from Kolkata, West Bengal. I am Bengali too therefore never felt like Bangladesh is a foreign country. The professors and seniors are very co-operative and helpful. The exquisite institute not only provides better education but extended family. Grateful to be part of CBMCB.

Ayushman Kar, CB-26, Roll-123, Kolkata, West Bengal.

A good campus with all efficient staff and doctors with excellent knowledge, experience. CBMCB is good place to study and shared our knowledge. Its so much helpful by the teacher who took part in our studies to reach a peak in life. Once again a thank CBMCB.

Pranav. MU, CB-26, Roll-113, Theni, Tamil Nadu, India.

Always thriving for being change in favour of social enrichment, I chose to pursue my career as medical professional which is undoubtedly a Nobel profession making an individual elite and trustful member of the society.

On the same note, joining CBMCB is an amazing experience full of learning and joy. The decision to choose CBMCB proves most worthwhile as it brings academic success and personal growth in various domains. The good learning environment, talented and dynamic teachers, well equipped and sophisticated labs, and student-friendly managerial strategies at this premier college changed my educational life. Special thing about CBMCB is its highly supportive be personnel. They're always available to help students. With its great teaching alongside modern infrastructure, this is the best place to kick-start your medical career.

Now, I truly feel great to be a part of the CBMCB community.

Md. Arkan Ali, CB-26, Roll-122, Butwal, Nepal.

I'm one of the students practicing 1st year MBBS course in CBMCB, feel an immense pleasure in notifying my college's prestige. CBMCB is concerned with developing socially responsible doctors with professional integrity. A place nice to study, to grow up with new talents and Co-ed with a friendly environment. College have a very big campus, with concerned separate departments and a homely hostel environment. CBMCB express a very good student-teacher bonding supporting, senior and faculty whom they try to update their students with time.

P. K. Nivasini, CB-26, Roll-112, Theni, Tamil Nadu, India.

"CBMCB THE COLLEGE OF EMINENCE"

This is a glorious moment to me for writing few words about my college. I love the family like atmosphere that surrounds me. CBMCB led me to explore & learn new things in medical science. The relation between student & faculties are very cordial, which gave me an opportunity to excel further. Each of the faculties support us beyond limits with strong intentions to mould us to a 'PERFECTION'. I am very glad to a part of this esteemed institution.

"CBMCB is a place of KNOWLEDGE, EXCELLENCE & BLESS".

Nivethitha S, CB-26, Roll-108, Madurai, India.

CBMBC is what made me who I am today independent and confident, I'm a girl who dreamt of becoming a doctor and here I am studying in one of the most renowned institute. Teachers here are supportive and friendly and are guiding us with their almost effort to achieve our goal. What we learn becomes a part of who we are and I'm glad that I chose CBMBC to find that part of me.

Vandhana S B, CB-26, Roll-115, Theni, Tamil Nadu, India.

The sublime studying atmosphere and the sterling efforts of the teachers along with their experience makes CBMBC one of the best medical colleges in Bangladesh. It is tough to study and live in a foreign country where the language, culture and food are different. But the help provided by the seniors and the care of the local students with the support and guidance of the teachers gives a home friendly environment which is truly admirable. It provides a wonderful platform to the students to fulfill their dreams and have successful careers. I am truly grateful to be a part of this institution.

Md. Raihan Murshid, CB-27, Roll-118, West Bengal, India.

CBMBC is an institution which provides quality education in a friendly yet competitive atmosphere. The teaching faculty here is experienced and inspires students to work hard. Being away from home and entering a new space is an overwhelming experience, but the environment, here, in CBMBC has made the entire transition smooth and comfortable. My time here has allowed me to grow as an individual and become a more responsible and independent person. I'm grateful to be a part of this premier institution.

Sheikh Rafid, CB-27, Roll-99, Srinagar, Kashmir.

As a first year medical student in a country whose language I am not apt with yet, I agree there are some challenges and issues every now and then. However, the environment of this college and the behavior of people such as my seniors and local friends have made those issues a lot less tough. The same goes for the Professors and teaching faculties here. I have met some lovely faculties who have never given up on their students, taking part and making efforts in teaching us the ways of being a great doctor.

I, Shujaat karim of CB-27, am grateful to all those who have been making CBMBC great, for everyone.

Shujaat karim, CB-27, Roll-115, Rajkot, Bihar, India.

Well starting with a new journey in a different country is tough Even tougher to pursue medicine. Choosing CB is undoubtedly the best decision because of its super friendly environment, excellent curriculum and best faculty members.

MEDICAL PRACTICING IS AN ART AND CBMBC IS HELPING US TO BRING OUT THE PERFECT ARTIST.

Proud of my college.

Swathi Harini S, CB-27, Roll-113, Theni, Tamil Nadu, India.

I am Saad Hasan student of CB-27 and I am very happy and grateful to get an opportunity to study here. In spite of the difference of culture, food habits. CB seem more like a family. They provide proper care of every student. The hostel facilities and the atmosphere here is amazing for studies. The immense efforts of the teachers gives to every student helps us a lot to learn more and more. Their dedication for students makes CBMBC one of the best colleges for MBBS. It also provides a big platform to their students to enhance learning and helps them to grow.

Saad Hasan, CB-27, Roll-110, Delhi, India.

Our college, Community Based Medical College is one of the best medical college of Bangladesh. Environment here is very good and helpful for studies. Despite being in a foreign country, we don't feel like we are away from our native country and home.

Teachers here are very supportive and experienced. They help us with everything in every possible way. I am glad to be a part of this medical college.

Nivedita Shree, CB-27, Roll-116, Madhya Pradesh, India.
